
Additional validity of the **DeutschlandTicket** on trains

The DeutschlandTicket is valid on nearly all *Nahverkehr* (Regional transport) train (2nd class) / U-bahn / tram / bus services within Germany

some commonly encountered Nahverkehr *train types are S, RB, RE, IRE, MEX, FEX*

set search option to "Regional transport only" in, e.g., the Deutsche Bahn [DB] journey planner to check Nahverkehr *status*

The validity of other Nahverkehr *tickets cannot be inferred from that of the DeutschlandTicket, and vice versa*

The DeutschlandTicket is also valid on DB *Fernverkehr* (Long-distance) train services (IC or ICE) that run directly between these stations.

The DB journey planner states explicitly if the DeutschlandTicket is valid on a section of IC / ICE service. Some IC / ICE services also carry a Nahverkehr *number (typically RE) in addition to their* Fernverkehr *number; despite their* Nahverkehr *number, such services do not accept the DeutschlandTicket unless they are the IC / ICE services listed here.*

valid on the entire service

valid till THIS station

(RB 3) *(limited service)*

The DeutschlandTicket is also valid outside Germany on these cross-border *Nahverkehr* train services *(with the train operator stated).*

⊘: *For other railway border-crossing points, the DeutschlandTicket is only valid up till the last station in Germany.*
For cross-border tram / bus services, check the validity of the DeutschlandTicket on them, even for journeys entirely within Germany.
