

Additional validity of the DeutschlandTicket on trains

The DeutschlandTicket is valid on nearly all *Nahverkehr* (Regional transport) train / U-bahn / tram / bus services within Germany
some commonly encountered *Nahverkehr* train types are S, RB, RE, IRE, MEX, FEX
set search option to "Regional transport only" in, e.g., the Deutsche Bahn [DB] journey planner to check *Nahverkehr* status
The validity of other *Nahverkehr* tickets cannot be inferred from that of the DeutschlandTicket, and vice versa

 The DeutschlandTicket is also valid on DB *Fernverkehr* (Long-distance) train services (IC or ICE) that run directly between these stations.

The DB journey planner states explicitly if the DeutschlandTicket is valid on a section of IC / ICE service. These IC / ICE services often carry a *Nahverkehr* number in addition to the IC / ICE number while running on these sections.

 valid on the entire service
 valid till THIS station
 (RB 3) (limited service)

The DeutschlandTicket is also valid outside Germany on these cross-border *Nahverkehr* train services (with the train operator stated).

 For other railway border-crossing points, the DeutschlandTicket is only valid up till the last station in Germany.
For cross-border tram / bus services, check the validity of the DeutschlandTicket on them, even for journeys entirely within Germany.
