The map illustrates the rail network across the Benelux region (Netherlands, Belgium, and France) for 2018, focusing on weekends and public holidays. It features a complex web of lines connecting major cities and hubs. Key elements include:

- Geographical Labels:** The map is divided into sections for 'Nederlân' (Netherlands), 'België' (Belgium), 'Belgique' (Belgium), 'UK', 'France', and 'Schweiz' (Switzerland).
- Major Hubs and Stations:** Labeled stations include Amsterdam, Rotterdam, Den Haag, Utrecht, Eindhoven, Antwerpen, Brussels, Liège, Luxembourg, Paris, and Cologne.
- Service Lines and Colors:** Different colored lines represent various rail services, such as high-speed rail (grey), domestic InterCity (various colors like orange, green, blue), and international services (red, pink).
- Annotations and Text:** Numerous text boxes provide specific route information, including train numbers (e.g., 1200, 1201), frequencies (e.g., '12 per day'), and special notes (e.g., 'Before 9 April 2018', 'After 9 April 2018').
- Legend:** A comprehensive legend on the left side explains the symbols used for stations, services, and connections, including details about local train services and transfer points.
- International Connections:** The map shows routes extending to Germany (Deutschland) and Switzerland (Schweiz), with specific lines for services like Thalys and TGV.
