'P' trains are the numerous commuter-oriented train services that supplement the regular InterCity and local train services (S and L trains) in Belgium. Their routing and stopping pattern are often different from the normal train services, and they run primarily during peak hours. P trains that run before the afternoon peak have train numbers 7xxx, and P trains that run during or after the afternoon peak have 8xxx. Also included in this map are S trains that have 7xxx or 8xxx train numbers.

International trains that run between Belgium and Luxembourg have the same train numbers in both countries. Amongst these international trains, trains that are classified as P in Belgium are classified in Luxembourg as:

IC (InterCity) for line B14
RE (Regional-Express) for lines LX1c
RB (RegionalBunn) for line LX1d

Line names like B10b and G1 used this map are not nomenclature used by NMBS/SNCB or CFL.

Zone of single tariff point; NMBS/SNCB grants the holder of a domestic or international train ticket with an origin/destination in a Zone, on the ticket's day of validity, free travel on NMBS/SNCB trains within that Zone until they leave the Zone

→ Airport / North Sea ferry port with regular passenger services
Only selected land-connections run by regular public transport operators are shown
When more than one option is shown, the better option(s) is/are underlined
See port and flight / ferry operator websites for more access options
