ⓘ Name station

ⓘ Name stations also served by Dutch/Belgian/Luxembourgian local trains (see Benelux local train maps)

ⓘ (Name) alternative (place name) in English, Dutch, French, German, Frisian, or Luxembourgish

ⓘ some services stop here

↔ train reverses out of a station

ⓘ (furthest possible) terminus

For InterCity services:

— 2 train services per hour per direction

— 1 train service per hour per direction

— 1 train service per 2 hours per direction, or less

⋮ operates only during peak hours

A

B

two separate services: A – B, and C – D

↔

train service splits into two / train services combine into one

→

Airports and long-distance ferry ports

Only some land-connections run by regular public transport operators are shown

When more than one option is shown, the better option(s) is/are underlined

See port and flight / ferry operator websites for more access options

The map illustrates the extensive rail network connecting major cities in the Benelux region. Key features include:

- Netherlands (Nederlân/Nederland):** Shows routes from Groningen in the north to Amsterdam and Rotterdam in the west, and from Eindhoven in the south to the German border. Major stations like Amsterdam Centraal, Rotterdam Centraal, and Schiphol Airport are highlighted.
- Belgium (België/Belgique):** Displays a dense network centered on Brussels (Bruxelles), with lines radiating to Antwerp, Ghent, Liège, and Luxembourg. The map also shows connections to France and the UK.
- Luxembourg (LU):** Shows routes connecting Luxembourg to Belgium and France, including the TGV service to Paris.
- France:** Displays high-speed rail lines (TGV) connecting Paris to Benelux cities, as well as regional services.
- Germany (Deutschland):** Shows connections from the Benelux region to German cities like Cologne, Frankfurt, and Berlin.
- UK:** Shows the Eurostar service connecting London to the Benelux region.

The map uses color-coded lines to represent different train services and includes numerous station names and route details. A legend on the left provides information on service types, frequencies, and map usage.
