Domestic travel on InterCity trains has the same pricing as domestic local trains in Benelux.

This map does not capture the many irregularities in the train schedules, and schedules are prone to rapid changes during this crisis.

After many changes in the preceding week, the schedules for the following four weekdays are probably going to be similar to this minimalistic schedule for Monday 23 March 2020. However, check with public transport operators repeatedly for the latest information. Accuracy is not guaranteed.
