

P trains are the numerous commuter-oriented train services that supplement the regular InterCity and local train services (S and L trains) in Belgium. Their routing and stopping pattern are often different from the normal train services, and they run primarily during peak hours. P trains that run before the afternoon peak have train numbers 7xxx, and P trains that run during or after the afternoon peak have 8xxx. Also included in this map are S trains that have 7xxx or 8xxx train numbers.

Line names like **B11b** and **G1** used this map are not nomenclature used by NMBS/SNCB or CFL.

Zone of single tariff point: MMB/SNCB grants the holder of a domestic or international train ticket with an origin/destination in a Zone, on the ticket's day of validity, free travel on MMB/SNCB trains within that Zone until they leave the Zone

Only selected land-connections run by regular public transport operators are shown

When more than one option is shown, the better option(s) is/are underlined

See port and flight / ferry operator websites for more access options
