

## Additional validity of the DeutschlandTicket on trains

The DeutschlandTicket is valid on nearly all *Nahverkehr* (regional) train (2ND class) / U-bahn / tram / bus services within Germany

some *Nahverkehr* train types are S, RS, RB, RE, IRE, MEX, FEX

set search option to "Regional transport only" in, e.g., the Deutsche Bahn [DB] journey planner to check *Nahverkehr* status

The validity of other *Nahverkehr* tickets cannot be inferred from that of the DeutschlandTicket, and vice versa

The DeutschlandTicket is also valid between these two stations on a DB *Fernverkehr* (long-distance) train service (IC or ICE) that connects these two stations.

Some IC / ICE services carry a *Nahverkehr* number (typically RE) in addition to their IC / ICE number. Unless they are the IC / ICE services listed above, they do not accept the DeutschlandTicket, despite having a *Nahverkehr* number. The DB journey planner states explicitly if the DeutschlandTicket is valid on a section of IC / ICE service.

The DeutschlandTicket is also valid outside Germany on these cross-border *Nahverkehr* train services (with the train operator stated).

⊗: For other railway border-crossing points, the DeutschlandTicket is valid only up to the last station in Germany before the border.

For cross-border tram / bus services, check the validity of the DeutschlandTicket on them, even for journeys entirely within Germany.
