

Additional validity of the **DeutschlandTicket** on trains

The DeutschlandTicket is valid on nearly all *Nahverkehr* (Regional transport) train (2ND class) / U-bahn / tram / bus services within Germany some Nahverkehr train types are S, RS, RB, RE, IRE, MEX, FEX

set search option to "Regional transport only" in, e.g., the Deutsche Bahn [DB] journey planner to check Nahverkehr status The validity of other Nahverkehr tickets <u>cannot</u> be inferred from that of the DeutschlandTicket, and vice versa

The DeutschlandTicket is also valid on DB Fernverkehr (Long-distance) train services (IC or ICE) that run directly between these stations.

Some IC / ICE services carry a Nahverkehr number (typically RE) in addition to their IC / ICE number: Despite them having a Nahverkehr number, such IC / ICE services do <u>not</u> accept the DeutschlandTicket <u>unless</u> they are the IC / ICE services listed here. The DB journey planner states explicitly if the DeutschlandTicket is valid on a section of IC / ICE service.

The DeutschlandTicket is also valid outside Germany on these cross-border Nahverkehr train services (with the train operator stated).

 For other railway border-crossing points, the DeutschlandTicket is only valid up till the last station in Germany.

For cross-border tram / bus services, check the validity of the DeutschlandTicket on them, even for journeys entirely within Germany.
