

Additional validity of the **DeutschlandTicket** on trains

The DeutschlandTicket is valid on nearly all *Nahverkehr* (Regional transport) train (2ND class) / U-bahn / tram / bus services within Germany some commonly encountered Nahverkehr train types are S, RB, RE, IRE, MEX, FEX set search option to "Regional transport only" in, e.g., the Deutsche Bahn [DB] journey planner to check Nahverkehr status The validity of other Nahverkehr tickets cannot be inferred from that of the DeutschlandTicket, and vice versa

HITTING

The DeutschlandTicket is also valid on DB Fernverkehr (Long-distance) train services (IC or ICE) that run directly between these stations.

The DB journey planner states explicitly if the DeutschlandTicket is valid on a section of IC / ICE service. Some IC / ICE services carry a Nahverkehr number (typically RE) in addition to their Fernverkehr number; despite their Nahverkehr number, such services do <u>not</u> accept the DeutschlandTicket unless they are the IC / ICE services listed here.

The DeutschlandTicket is also valid outside Germany on these cross-border Nahverkehr train services (with the train operator stated).

Ø: For other railway border-crossing points, the DeutschlandTicket is only valid up till the last station in Germany. For cross-border tram / bus services, check the validity of the DeutschlandTicket on them, even for journeys entirely within Germany.
