"Zone": Single tarif point; a domestic ticket with a zone as the origin and/or destination gives the passenger unlimited train travel within the zone before they leave the zone (within the day of train operation),
e.g. travelling purely within a zone requires only a single ticket with the zone as the origin and destination. (This no longer applies to international tickets.)

*(€) Brussels Airport Supplement: €6,70 surcharge for passing through the passenger gates at Brussles Airport-Zaventem station.
Check whether the supplement needs to be purchased if it is not already included in a ticket.

Belgium: EC, IC, S, L, P, and T services within Belgium have the same distance-based ticketing, e.g. Brussels – Antwerp IC and *S 1* have the same price / ticket.
Luxembourg: Domestic public transport in Luxembourg is fare-free, except 1st class train travel: IC, RE, RB, and TER services have the same time-based ticketing. (Belgian buses in Luxembourg do not take domestic passengers.)

Train services not included in this map include: a) metro & tram services; b) P and T trains (see P & T train map); c) train services on other days of the week; d) heritage railway services;
e) international high-speed (< 250 km/h) and sleeper services (they do not allow domestic travel, or the domestic fare is significantly higher than the normal domestic fare).

Check carefully in a journey planner for the latest info, and what time the first and last services run. (On average services begin and end earlier in Belgium than in Luxembourg and the Netherlands.)
Usually Sunday schedule applies on holidays, but check with train service operators for possible special arrangements. Check at, e.g., belgiantrain.be, cfl.lu
